

Need clinical experience?

New Mexico Clinical Education Program (ClinEd)

June 3– July 12, 2024

The ClinEd Experience

- Gain clinical experience working with rural or underserved populations
- Learn how to identify and assess social determinants of health and health disparities in communities
- Be more familiar with community-based research and community engagement practices and techniques
- Be more confident in your readiness to apply to your program
- Increase awareness of the urgent need for healthcare providers in our state.

Activities may include:

- Clinical shadowing in rural and/or underserved areas in NM. (dependent on COVID-19 restrictions)
- Exposure to telehealth models of care
- Research experience and community project development
- Session on Cultural Humility
- Enhance clinical skills

Eligibility

- Must be a New Mexico resident, or Navajo Nation resident **(for payment purposes only)**
- Be currently enrolled as a junior, senior, or college graduate (Nursing Students: Rising sophomores are eligible)
- Have a 2.75 GPA or higher

Stipend upon completion of the program

Application Opens
Early February

Program Begins
June 3, 2024
